Build smart.

VENTUS - ROOF TERMINAL

Fit for the future

Slim

Available in 4 mounting kits
For connection to Aerfoam insulated
ducts Ø150, 160, 180 & 200.

Quick

The adjustable
slope ensures a
perpendicular
roof terminal on
the roof.

Practical

3-in-1 integrated solution
(roof terminal, cover part &
reducer) for most common
ventilation systems.

Install the Ventus roof terminal quickly
and efficiently! Scan the QR code to
find out more!
